Mare

ITALVELUTTI | chenille | 1 of 3 | **KY** | price group 1

Mare is a soft and pleasant to the touch fabric with a distinct structure, enriched by subtle irregularities. It gives a natural impression, even though it contains only a small amount of cotton. The polyester fibers allow the fabric to be well-protected by the Zero Spot System, making it easy to keep clean. A wide range of 31 muted colors offers countless arrangement possibilities.

Padova

MAGENTA | mélange | 1 of 2 | **KY** | price group 1

Thick upholstery fabric characterized by a distinct weave formed into small squares. A mélange of two or even three colors contributes to the pattern of the material. The color composition gives sofas, armchairs, and chairs an original appearance. The fabric is largely composed of natural materials - cotton and linen. All these factors make Padova an interesting choice for contemporary interior design in terms of both functionality and appearance.

Nodino

ITALVELUTTI | bouclé | 1 of 2 | **KY** | price group 1

Nodino is a boucle-structured fabric. It is made from strong and durable synthetic fibers. The color palette is based on timeless shades, meandering between grays, beiges, and browns. This is complemented by a small addition of bold, strong accents – red, green, and navy blue. Besides the ease of maintenance due to the predominance of synthetic fibers, Nodino is enhanced with the Zero Spot system, which prevents liquid absorption and makes stain removal easier.

Lago

ITALVELUTTI | mélange | 1 of 2 | **KY** | price group 1

Lago is a fabric predominantly made of cotton fibers, reinforced with polyester fibers. This combination also results in a distinct color mélange. The natural impression is further enhanced by the chosen color base – pleasant, subdued hues that work well in interiors featuring natural materials like wood or stone, and the exceptionally pleasant tactile experience adds a cozy, homely character. Unique among fabrics primarily composed of natural fibers, Lago is enhanced with the Zero Spot System for easy stain removal.

Amaral

AQUACLEAN | mélange | 1 of 2 | **KY** | price group 1

The Amaral fabric features AquaClean technology, allowing you to remove most everyday stains such as wine, coffee, and food using only water. For dust removal, it is recommended to use a vacuum cleaner. Aqua Clean: the protective layer covering each fiber ensures that stains can be removed without the need for cleaning agents that could damage the fabric. Amaral is pleasant to the touch and available in several calm yet interesting colors.

Assioma

ITALVELUTTI | mélange | 1 of 2 | **KY** | price group 1

Assioma, a fabric with a fine structure and irregular, thicker interweaves, gives the impression of a solid color fabric but with added depth. The cotton fibers contribute to its natural feel, while the synthetic fibers enable the use of Zero Spot System technology, making it easy to remove many typically troublesome stains from the upholstery. The wide color range allows you to create an interesting piece of furniture, whether you want to give it a classic, subdued look or go bold and create a unique, eye-catching piece.
